

BIO-PRODUCT

In this event the participants have to prepare the Bio-product from the biological resources.

Bio-product can be:-

- Biodiesel
- Aroma
- Biotech drugs
- Skin care products
- Fermented products

Rules:-

- The product should be made by the natural biological source.
- The members of the team can be 2-4.
- The abstract should be submitted by April 13, 2014 to aj.gbpec@gmail.com.
- Only the selected abstract will move to next level.
- The selected team will be informed through mail.
- Each team has to give a presentation based on the product preparation and importance.
- The product should be efficient.
- Judging would be based on the efficiency and cost effectiveness of the product.
